① Who am I and what can I offer?

② Who I wanna be in the Future, what do I want to do then and what do I have to learn to get there?

④ Who is the person that you want to have in your future as a client/customer and can we pay the value that you can and will provide?

⑤ What is the "new and improved" version of that person? How has she profited from my value/offer to get from ④ → ⑤?

How does this offer help others to come from ④ → ⑤?

(What should I learn to offer more + better value?)
